

Company Profile

AVI-SPL is a holding company for Audio Visual Innovations and Signal Perfection Limited. All contracts are written to one of its two operating subsidiaries:

- **Audio Visual Innovations Inc. (Tax ID: 59-195-8935; Cage Code: 0D2N6; DUNS#: 037293974)**
- **Signal Perfection Limited (Tax ID: 52-176-0942; Cage Code: 0UUB9; DUNS#: 787333863)**

Core competencies include: VTC, collaboration platforms, presentation and display systems, video walls, knowledge walls, data walls, projection systems, digital signage, audio reinforcement systems, and sound masking.

Typical environments include: huddle rooms, conference rooms, multipurpose/divisible rooms, auditoriums, command & control (C2) facilities, multiple-classification environments, and other spaces where AV solutions are required.

Financially stable business with capacity to handle concurrent projects.

Visit www.sam.gov and the GSA eLibrary for additional profile information.

Audio Visual Product Supply

Authorized reseller of over 800 manufacturers. Strategic supplier relationships include (to list a few):

Value to Customers and Partners

- Expert engineering with over 400 employees holding Certified Technology Specialists (CTS) as well as CTS-Design and CTS-Installation certifications.
- In-house capabilities to **design-build, install, and manage the most complex audio, video, collaboration, and communication technologies**. We are the only company that can self-certify our engineers to trade standards by AVIXA.
- A vast network of resources and expertise- global help desk staffed 24x7x365 provides trained AV and VTC specialists. Our Customer Care Program offers tiered options that combine manufacturer-authorized repair, preventive maintenance, and on-site field services.
- Access to industry-leading products and solutions through our partners, including Microsoft, Cisco, Polycom, and over 800 more, as authorized resellers with first-hand knowledge and experience required to integrate innovative and intuitive solutions.
- AVI-SPL is a Cleared facility. Sales and technical staff hold active DOD and NATO personnel clearances.

Dedicated to Our Federal Customers
